

FORWARD•FUND

Go Prosper

30 van der Merwe road
Land-en-Zeezicht
Somerset West
7130

This is to confirm that **Go Prosper** is a project of the ForwardFund and in good standing and a approve project of ForwardFund

ForwardFund is a registered trust and independent fund that offers companies the opportunity to invest in enterprise development (ED) and socio-economic development (SED) by contributing funds to various approved beneficiaries. What's great about it is that the investment in ED and SED not only benefits companies in terms of their Broad-based Black Economic Empowerment (B-BBEE) scores but also supports a number of non-profit organisations in their operations and helps to create a world in which people identify their own solutions and can provide for their communities. The organisations in which ForwardFund invests aim to enhance and develop skills, encourage entrepreneurship and enterprise development, and invest in social-change initiatives such as community development, women's empowerment and the organisational development of non-profit organisations (NPO's).

ForwardFund will act as the conduit for funding for **Go Prosper** and will ensure that the funding is applied as suggested by the funders and the contract.

ForwardFund will provide the necessary documents to ensure that the FUNDER benefit in terms of the BBEE scorecard but also do good.

Please do not hesitate to contact me if you need more information.
